### LIVE STOCK, CROP, ETC.

—T. P. Wadell, of Millersburg, shipped yesterday 600 dressed chickens and 42 cases of eggs.

—Simon Weil bought of M. J. Farris, of Boyle county, 35 choice export cattle, of 1,400 pounds, at 4 1/2 cents.

—McIntyre & McClintock, of Millersburg, are putting a gasoline engine and tank in their large barns to water stock.

—The Louisville Packing Company holds the world's record for quick time in dressing a beef—two minutes and forty-five seconds.

—McIntyre & McClintock, of Millersburg, bought 243 lambs of Will Thomasson, of North Middletown, averaging 99 1/2 lbs. for \$1.328.25.

—Mr. Jas. Carpenter, of Millersburg, sold to Jonas Weil 17 head of 1480-lb cattle and Chas. Layson sold him 16 head of 1480-lb cattle at \$4.75.

—John F. Price, a Lexington butcher, has purchased of Mr. Thad Hamilton, of Clark county, eight hogs of Mr. Hamilton's own raising, weighing an average of 339 pounds at 5 1/2 cents per pound, with \$5 off the lot.

—J. R. Durrett, of Marion county, put 19 head of cattle on grass April 2, at which time they weighed 503 pounds each. He weighed them August 2, and they weighed 815 pounds each. During this time they ate nothing but grass. The gain of 312 pounds each in 4 months is considered extra good and one which pleases Mr. Durrett very much.

—The record of the season for burley tobacco was broken at Louisville, Wednesday, when a hogshead of bright cigarette wrappers from Owen county was bid in by the Continental for \$28.50 per 100 lbs. The tobacco was raised by G. W. Giles. His entire crop consisted of leaf, lugs and trashes. The crop sold as follows per 100 pounds: \$28.50, \$21, \$21 and \$15.75, an average of \$21.56.

—"Not 25 per cent. of the hemp now growing in Fayette and other hemp-raising counties of Kentucky will be broken," said Col. Jerry E. Delph, the well-known auctioneer and land agent of Lexington. Col. Delph is an authority on agricultural topics, and during his trips through Central Kentucky had many opportunities to observe the effects of the present drought on growing crops. "Throughout the Blue Grass region where the drought has been most severe on the best lands," said Col. Delph, "hemp shows the need of rain very badly. Most of it is not over three feet tall and it is blooming. Whenever hemp blooms and the stem gets hard and dry, no amount of rain will do it any good. I yield this year will be very small, and as a matter of course, the price will be higher."

### WEEKLY CROP BULLETIN.

—The following is report of U. S. crop service for Kentucky for week ending August 11, 1903:

"Corn has improved generally. In the eastern section, however, it is small and backward and a short crop is expected; in the western and a large portion of the central section corn is excellent and most of it well advanced. A number of correspondents report that it is the best crop in several years."

"Tobacco has improved except in a few localities where it has been too wet; it is very backward in the Barley district. In the western section topping is about completed and in some of the southern counties the tobacco is ripening. There are still some complaints of freckling, but these are very few worms."

"Hemp has improved slightly, but is small."

"Gardens, pastures, stock peas, sorghum, cane and millet are doing nicely. There is a fair crop of apples and some grapes, but no other fruit of any importance."

"Farm work is advancing; turnip sowing and plowing for wheat is in progress. A second crop of potatoes, probably more than the usual acreage, is being planted."

### Important Witness Skipped.

Harry Broughton, of Bell county, one of the most important witnesses for the Commonwealth in the Caleb Powers case, left Georgetown Monday night, saying he was going to Lexington. He did not return Tuesday, and Commonwealth's Attorney Franklin, who expressed the opinion that he was "led away," ordered attachments issued for him. Arthur Goebel offered a reward of \$100 for the return of the missing witness. A special from Pineville says Broughton arrived there Tuesday and left for the country. Sixteen witnesses testified in the Powers case Tuesday and some important evidence was brought out.

### POWERS WINCED UNDER STRONG EVIDENCE

Only four witnesses testified in the Caleb Powers trial at Georgetown Wednesday, but some strong evidence was brought out by the State, and the defendant several times winced under the positive statement made by those who testified. Henry Yontsey will be introduced to-day and is expected to enter more fully into the details of the conspiracy to murder Gov. Goebel. Nothing has been heard from the missing Commonwealth's witness, Henry Broughton. Yontsey's examination and cross-examination will last two days and the State will close its case shortly after his testimony is concluded.

A MEMBER of the Louisiana Republican Committee has this to say of Mr. Roosevelt's open-door policy for the negro: "His hysterical and petty malice in these affairs stamp Roosevelt either as a negrophile fanatic, whose views are repugnant to every free-born American and a deadly insult to every Southern-born man, or as a demagogic politician playing for the negro vote that holds the balance of power in Ohio, Indiana and New York."

ROOSEVELT has incurred the displeasure and aroused the ire of a large number of Washington women by rescinding an order for permission to use the White House grounds for a picnic because there were to be no pickaninies mixed up with the white children for whose benefit the outing was proposed. If this thing keeps up, after a while there will be no rights of the pale faces that Teddy will think himself bound to respect.
